

## **PRESS RELEASE**

### **CISSOID and Technokey sign Distribution Agreement**

*Mont-Saint-Guibert, Belgium and Hong Kong, China – September 2009.* CISSOID, a leader in high temperature semiconductor solutions, and Technokey Company Limited, a distributor of speciality high temperature Electronic Components and IC Component trading, jointly announce they have signed an exclusive distribution agreement for CISSOID products in China and Taiwan.

"CISSOID' portfolio of high temperature IC's consolidates Technokey's position within the high temperature electronic components market, providing a key technology and the ability to offer one-stop solutions with the full range of products to our valued customers. We offer excellent components selected from the best suppliers worldwide" said Steve Ho, Managing Director at Technokey. "Components with reliable operation beyond 150° C represent our core business. By signing Cissoïd, we can now address design requirements in the full -55°C to +225°C temperature range."

"Technokey has strong roots in the High Temperature Electronics arena in both China and Taiwan. They understand perfectly the needs of this demanding market and their professional supply chain will help our customers to manage delivery lead-times, stocks and all logistics matters. Technokey simply bring Cissoïd closer to our customers in Asia" stated Tony Denayer, CEO at Cissoïd.

## **About Technokey - [www.technokey.com](http://www.technokey.com)**

Technokey "TNK" established for more than 19 years in Hong Kong and our philosophy is to be customer's "key for high technology" in looking for best quality electronics components for Electronics Industry and professional computer peripherals for IT industry.

In the past we introduce lots of innovative electronics components through "Technokey Co Ltd" and computer peripherals through "TNK" to our customers in Greater China Area (China, Taiwan and HK) and other Asia Area (Singapore, Malaysia and India).

In coming future "TNK" will concentrate our business on China market and we already established our offices in Shenzhen, Guangzhou, Shanghai, Xiamen, Changchun and Beijing. We provide professional sales services: that is, pre and after sales services, technical support, hub system, logistic management and IT data communication through Internet. Our objective is to make all customers with 100% satisfaction with our professional services.
