

**CISSOID**

**The Leader in High Temperature Semiconductor Solutions**

## ***PRESS RELEASE***

### **CISSOID brings Industry Veteran Vincent Mouret on Board**

*Mont-Saint-Guibert, Belgium – November 2008.* Cissoid, a leader in high temperature semiconductor solutions and the pioneer of Silicon-on-Insulator (SOI) products, announced today the appointment of Vincent Mouret as an independent member of the Board of Directors.

“Vincent brings us over 25 years of experience in the semiconductor industry in a wide span of global and medium size companies. His track record as CEO of several fast growing companies over the recent years is a major asset to Cissoid’s Board of Directors. We are excited to have Vincent on board and share his experience for the future of Cissoid”, said Tony Denayer, CEO & Board Member.

“I found Cissoid and its positioning on high temperature components very interesting and promising to a significant growth.” said Vincent Mouret. “I’m really looking forward to working with Tony and Cissoid’s board to help the company growing in these focused niche markets.”

Vincent was the Chief Executive Officer of Let It Wave, a French fabless semiconductor company focusing on the development of Video image processors. Prior to that, Vincent was the CEO of Swiss fabless company Nemerix and he led the R&D group at Wavecom (NASDAQ:WVCM). He held several international management positions throughout his career at Alcatel Microelectronics, Motorola Semiconductors and Texas Instruments, building a strong international technical and sales expertise. Vincent holds an engineering degree in Physics and Electronics from Paris VI University (France).
